今天星期一 猴子穿新衣

The advertisement features a white t-shirt with a perforated tag attached. The tag has a tree silhouette and the text "A MELT TAG WILL SAVE TREES & THE EARTH". Below the t-shirt, a diagram shows a tag melting in water, with the text "A MELT TAG" and "SILVER 22-40%".

MELT TAG + detergent

Because of the thoughtless use of paper, a lot of trees and woods are missing. Tags of our clothes contribute to the damage too. To reduce the volume of wasting paper with the general tags and bring better value, we suggest MELT TAG.
