

DÉFI DU JOUR

The puzzle consists of three equations arranged vertically on a dark blue background with a faint landscape. Each equation uses icons to represent numbers. The first equation shows three fish icons followed by '+ = 30'. The second equation shows one fish icon, one palm tree icon, and another palm tree icon followed by '+ = 20'. The third equation shows one palm tree icon, one spear icon, and another spear icon followed by '+ = 9'.

$$\text{poisson} + \text{poisson} + \text{poisson} = 30$$
$$\text{poisson} + \text{palmier} + \text{palmier} = 20$$
$$\text{palmier} + \text{massue} + \text{massue} = 9$$

Avec les informations que tu as ci-dessus, trouve la valeur de chaque dessin.

Le poisson :

Le palmier :

Les massues :
